Client

INTRODUCTION

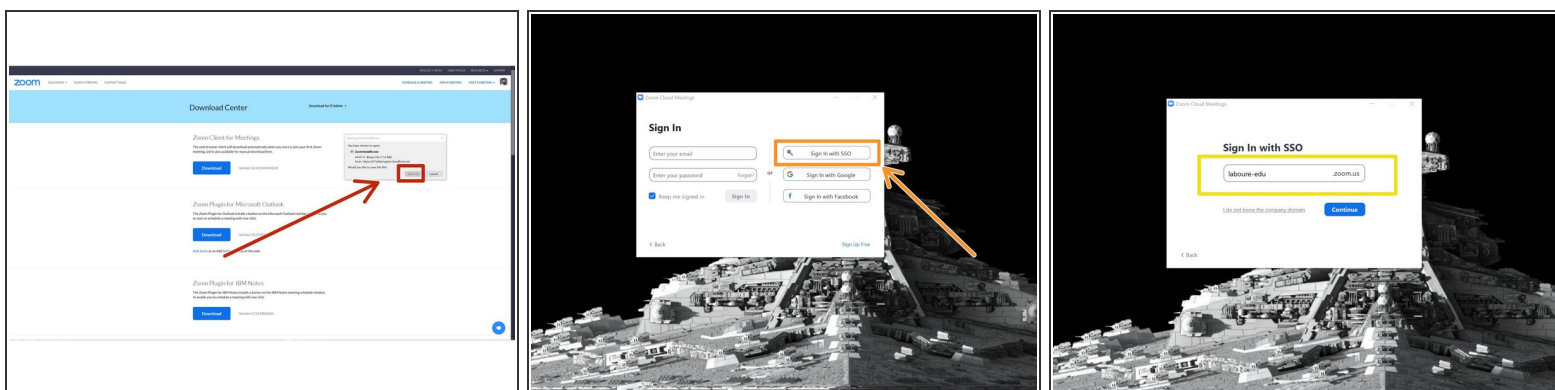

This guide will show you how to install the Zoom desktop application for windows. Directions for installing on a Mac can be found [here](#)

Step 1 — Download from Zoom.Laboure.edu

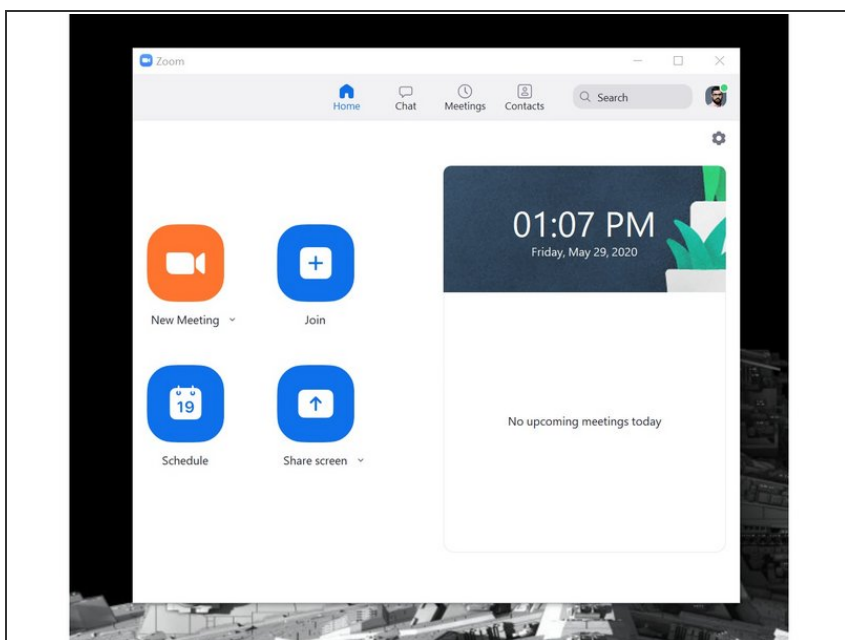

- Navigate to zoom.laboure.edu
- Select **Download Client**
- Select **Download** under *Zoom Client for Meetings*
- You also have the option of installing the Microsoft Office Plugin from this page.

Step 2 — Installing Zoom Client

- Select **Save File** when prompted by the pop-up.
- Launch the Installer from your **Downloads** folder.
- When installation is completed, you will be prompted to sign in.
- Select **Sign in with SSO**
- Enter **Laboure-edu** in the space provided. You will then be presented with the login page for your Labouré email. Use your email address and password to sign in.

Step 3

- You will then be greeted by the home page of the Zoom app.
