INTRODUCTION

With your Educator Dashboard, you can monitor your students' usage of Picmonic with an in-app Analytics Dashboard. Track student progress by time or subject, and create custom classes to filter by.

Step 1 — Picmonic Educator Dashboard-Adding Students to your Course

Name	Email	Videos Played	Questions Answered	Quiz Accuracy
		17	165	93%
		9	66	97%

- Educator Dashboard link: <https://www.picmonic.com/educator/data>
- Click on **Class & Student Management**
- Scroll to your course (i.e. *NUR1025-E*)
- After you find your course, click on the blue number of students

Step 2

The screenshot displays the 'Add Students' process in the Picmonic Educator Dashboard. On the left, a list of student email addresses is shown, each with a green checkmark indicating successful addition and a trash icon for removal. A blue '+ ADD STUDENTS' link is highlighted in the bottom left corner. On the right, the 'Student Roster' modal is open, featuring a search bar and a table of students. The table has columns for 'Add', 'User', 'Last', 'First', and 'Email'. One student is selected, indicated by a blue checkmark in the 'Add' column.

Add	User	Last	First	Email
<input type="checkbox"/>				@students.laboure.edu
<input checked="" type="checkbox"/>				@students.laboure.ed
<input type="checkbox"/>				@students.labo
<input type="checkbox"/>				@students.laboure.ed
<input type="checkbox"/>				

- Select the blue **+Add Students** link in the bottom left corner
- Search for student name **OR** scroll and select students from the uploaded list
- If you don't see the student you need to add, please email Nici. I'll create an account and send an invite to the student.
