INTRODUCTION

OpenAthens is an authentication and electronic access management system that provides access to the library's licensed online resources via single sign-on (SSO) technology both on and off campus.

© 2021

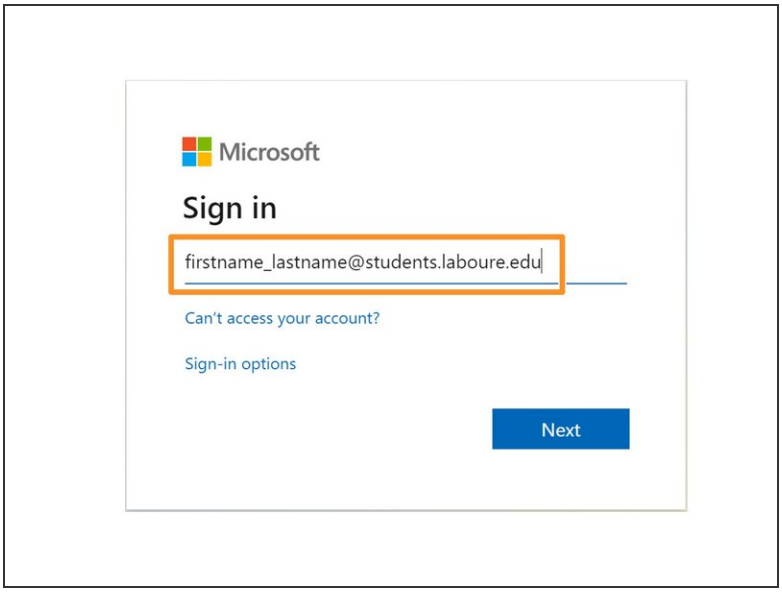

Step 1 — OpenAthens (Single Sign-On) Authentication

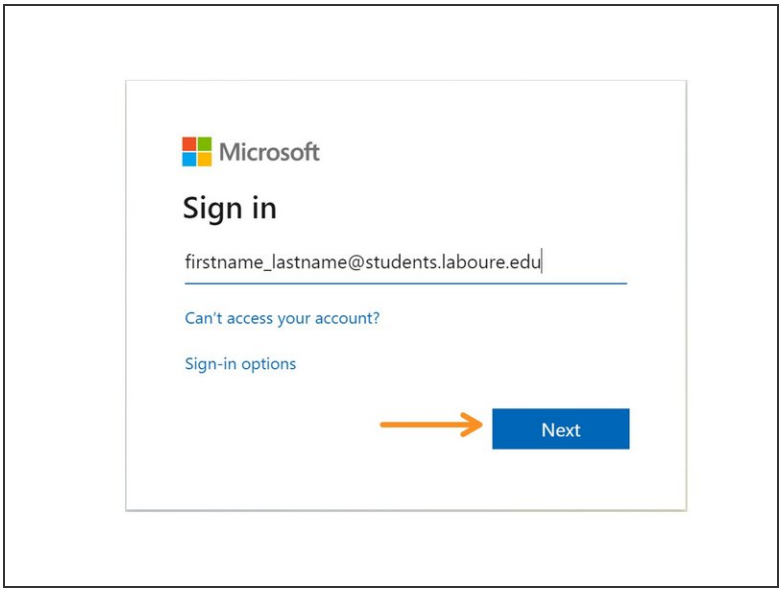

- Select a database that you would like to search
- If you're using EBSCO*host*, you will be prompted to select ***Open Athens Login***
  - Under *Find your institution* (right-hand side), type ***Laboure College***
  - Click on the ***Labouré College*** link

Step 2 — Logging in with your Labouré email address/password

- Complete login using your Labouré email address and password:
  - **firstname_lastname@students.laboure.edu**
- **Forgot your email password?**
  - 24-Hour IT Helpdesk: 1-877-322-7748
