INTRODUCTION

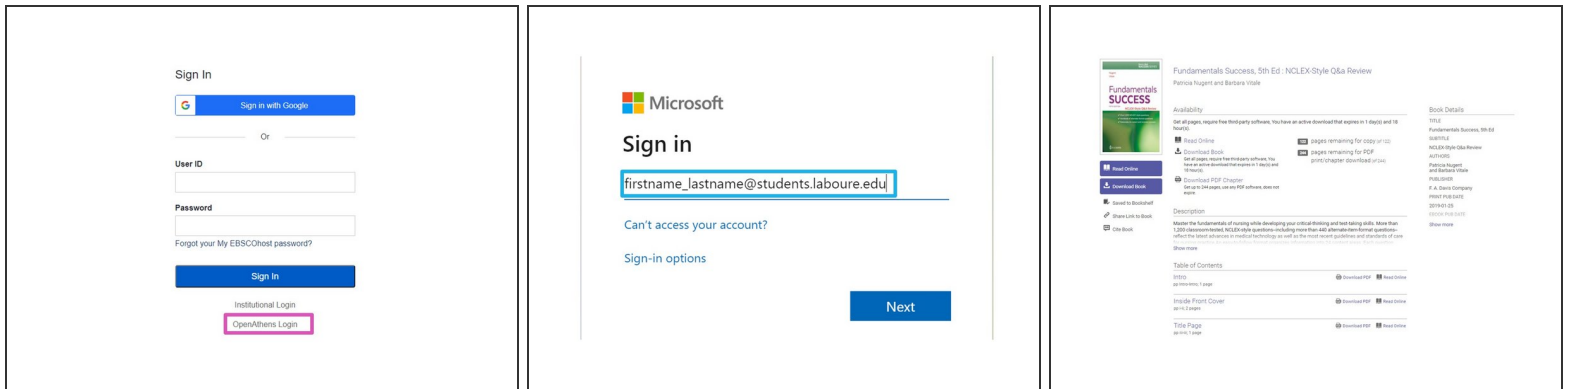

The library catalog provides a one-stop search option for library resources including books (stacks, reference, course reserves)/eBooks & DVDs. This tutorial focuses on accessing eBooks remotely.

Step 1 — Searching Titles in the Library Catalog

The first screenshot shows the Labouré College logo and a search bar with the text "test success" entered. The second screenshot shows search results for "Fundamentals success : NCLEX-style Q & A review" by Nugent, Patricia Mary. The third screenshot shows the detailed view of the book, including the call number "E-book RT 55 .N765 2019" and the electronic access link "https://ebookcentral.proquest.com/lib/laboure/detail.action?docID=574997".

- Access the [Labouré Catalog](#). If prompted to enter *library name*, type **LABOURE LIBRARY**
- To search for books, type in the author, title, ISBN, or a descriptive keyword for a book that you're looking for e.g. *test success*
- From the list of results, look for the specific title that you're looking for. Pay attention to the formats. For eBooks, you'll want to see *E-book* as a prefix to the call number e.g. *E-book RT 55 .N765 2019*
- E-books are accessible by clicking on the provided link

Step 2 — Accessing E-book Titles

⚠ Depending on the eBook provider you may be asked for additional login information.

- Click on **Open Athens Login**.
- Under *Find your institution* (right-hand side), type **Laboure College**
- Click on the **Laboure College** link.
- After clicking on the link, login using your Labouré email address and email password.
- Once you're logged in, you have access to the eBook.
