Step 1 — Printing Multiple Slides per Page

• Open the PowerPoint you would like to print and click **File** in the top-left.

Step 2

- On the left-hand menu, locate Print
- In the center menu, you will see all your print options. About halfway down you will find the option for printing multiple slides per page. Click to open the menu.
- We recommend printing 3 slides per page, the slides will still be larger enough to read text and to take notes.
