

Connect to Student Wireless on Windows

This guide will show a user how to connect to the Student Wireless.

Written By: Wayne Peterson

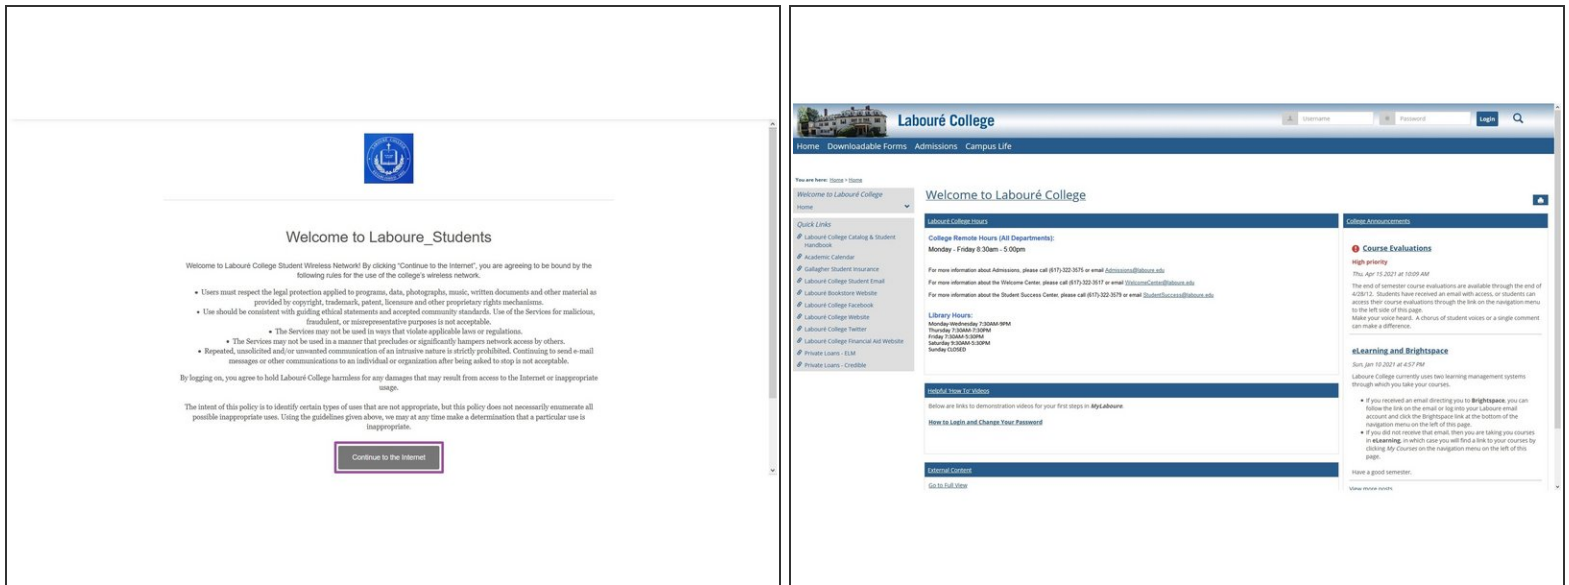

Connect to Wireless on Windows

Step 1 — Connect to Student Wireless on Windows

- To begin, click on the **wifi icon** in the system tray in the bottom left of your screen.
- Select the **Laboure_Students** network.
- Click **Connect**.
- You will now be connected to the **Laboure_Students** network but will not have an Internet connection.

Step 2

- Open your favorite web browser to be directed to the splash page (if it does not open automatically).
- You must accept the terms and conditions on the splash page to access the Labouré network. If you agree, click on **Continue to the Internet**.
- You will now be able to connect fully to the internet.
