

# iOS- Connecting to the Student Wifi

This guide will walk you through connecting an iOS device such as an iPhone or iPad to the student wireless network.

Written By: Wayne Peterson

Connect to  
Wireless on  
iOS

## Step 1 — iOS- Connecting to the Student Wifi

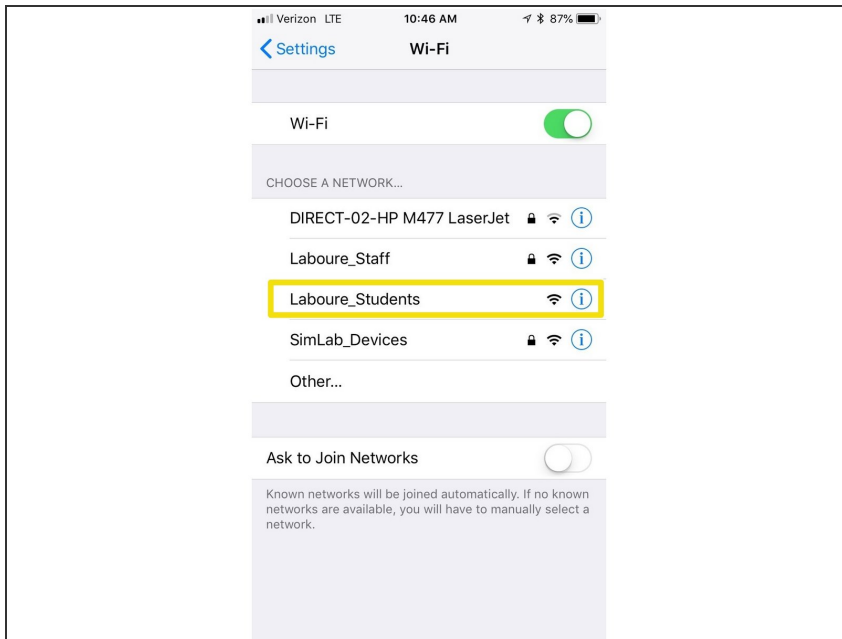

- From the Home Screen, select **Settings**.

## Step 2

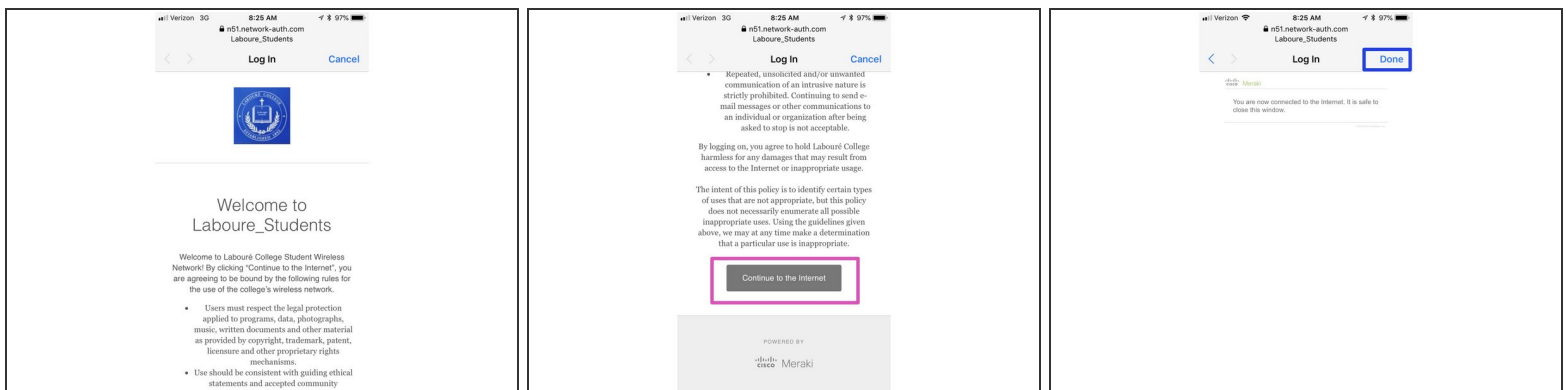

- From the Settings menu, select **Wi-Fi**.

## Step 3

- From the Wi-Fi menu, select **Laboure\_Students**

## Step 4

- You must accept terms and conditions to connect to the Laboure\_Students network. Scroll down and tap **Continue to the Internet** to accept the terms and conditions.
- Once you are connected, tap **Done**.
