INTRODUCTION

Please first ensure that your Windows device meets **Examplify's minimum system requirements**.

This document was generated on 2021-12-30 05:54:01 AM (MST).

Step 1 — Install the Examplify App on Windows 10

- In your web browser of choice, navigate to http://Examsoft.com

- Click on **Login** and select **Student**/**Exam Taker**

- Type *Labouré College* in the **Institution ID** field and click **Continue**

Step 2

- Click **Login**

- Click **Login**

This document was generated on 2021-12-30 05:54:01 AM (MST).
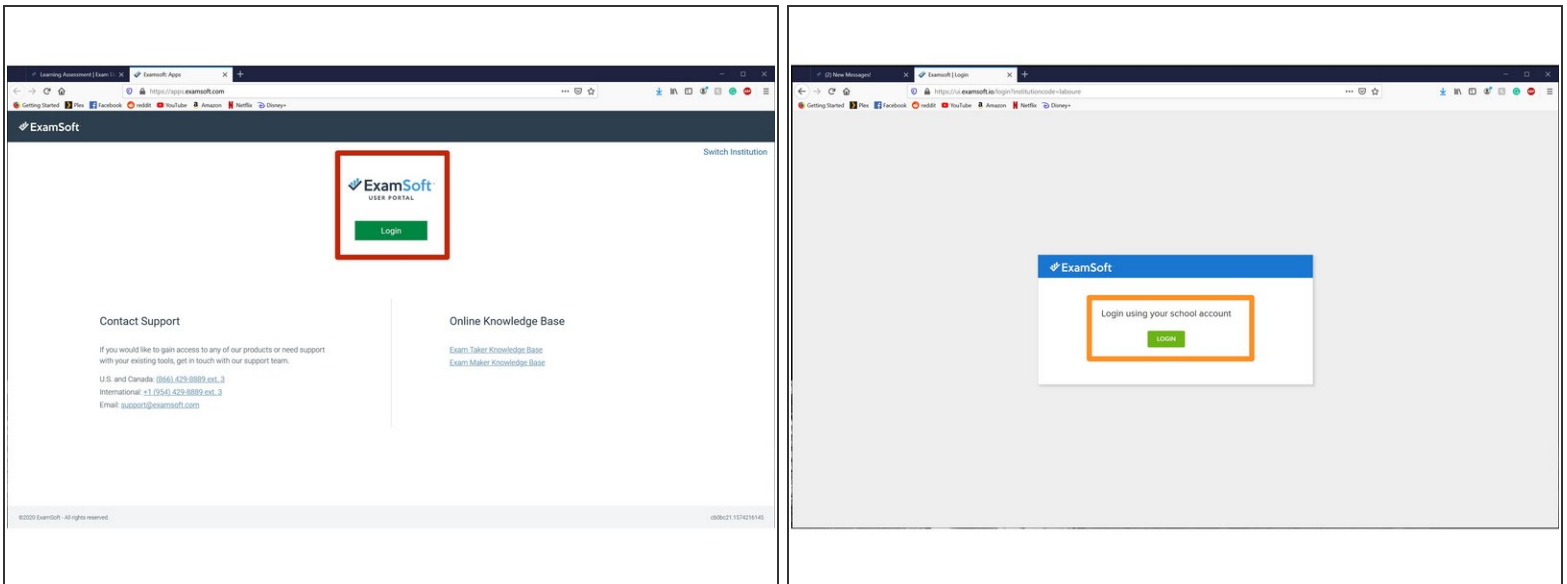

Step 3
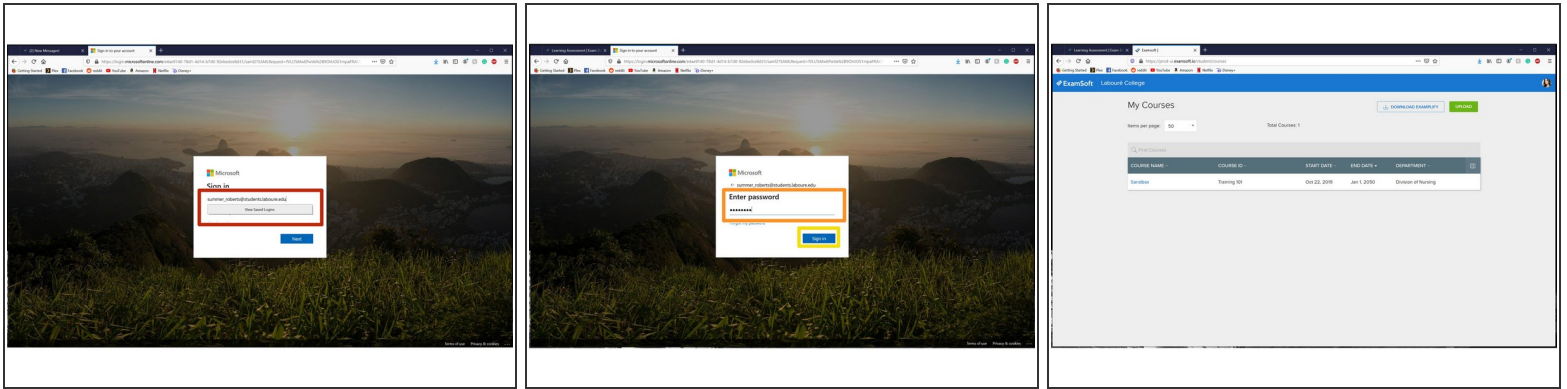

- Enter your full Labouré email address For example: Summer_Roberts@students.laboure.edu

- Enter your email password

- Click **Sign In**

- You will then be greeted by your enrolled courses.

Step 4

- Click on **Download Examplify**

- Click **Yes**

- Click **Save File**

- Once downloaded, launch the installer from your **Downloads folder** and click **Next**

This document was generated on 2021-12-30 05:54:01 AM (MST).

Step 5
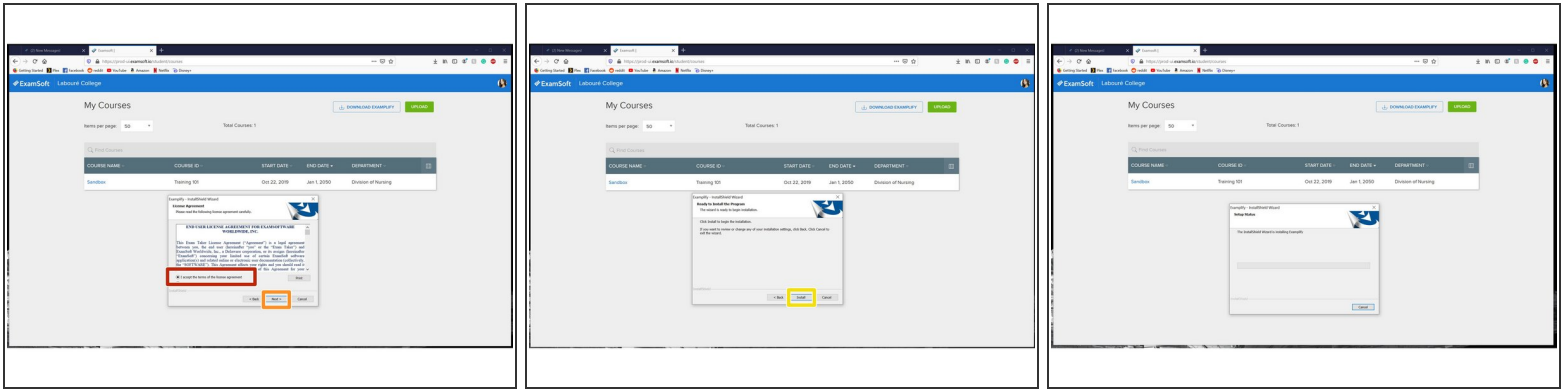

- Read and agree to the terms and conditions

- Click **Next**

- Click **Install**

- The installer only takes a few moments to complete

Step 6
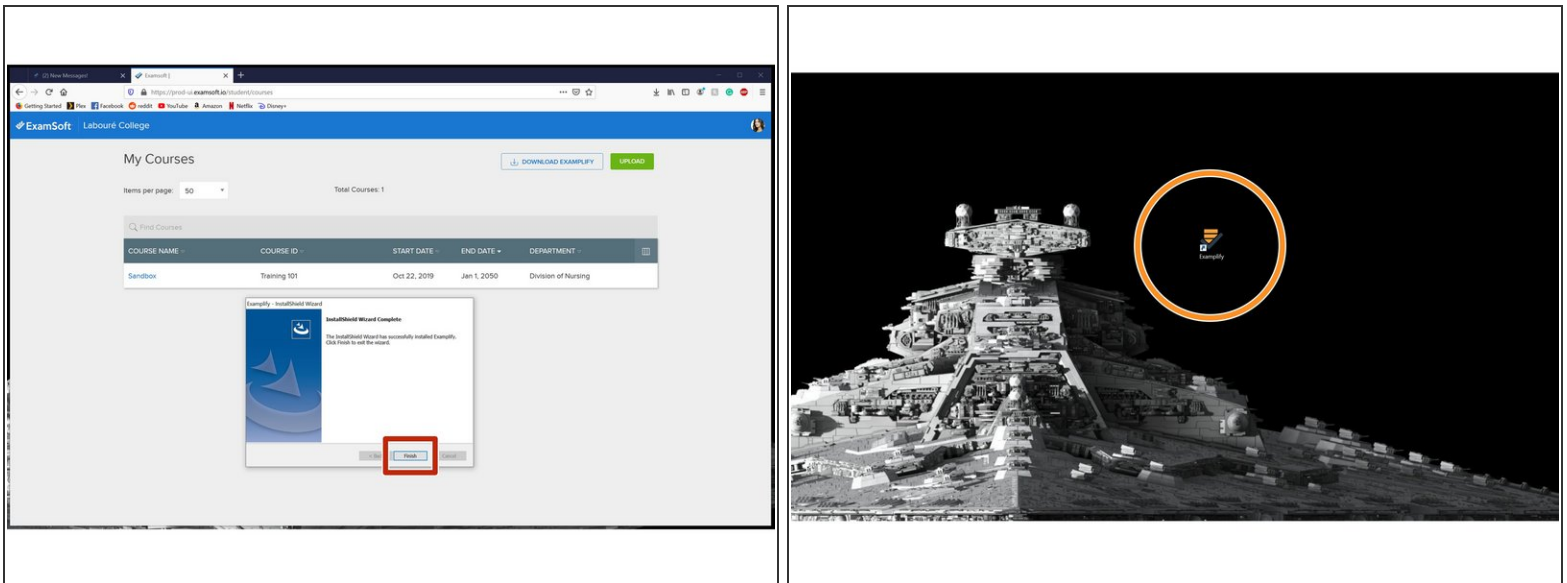

- When the installer prompts you, click **Finish**

- The Examplify icon can now be found on your desktop
